

Brick Walkways

The brick walkways that approach the entrance of The William Childs Hospice House are gifts from friends and families honoring their loved ones, while supporting the Hospice mission.

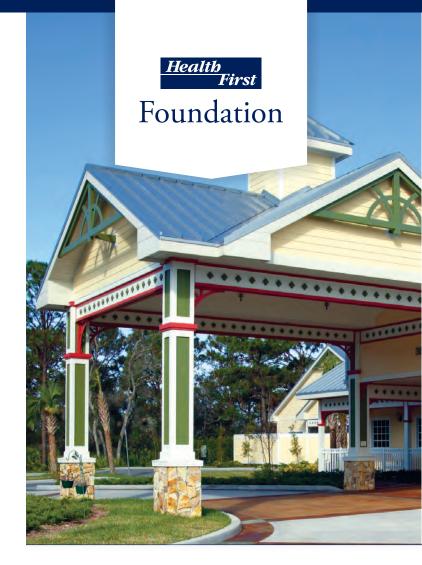

With the completion of the front walkways in October 2009, bricks are now being installed surrounding the fountain on the patio outside of the great room or in the front Butterfly Garden, if selected.

These bricks surround the Hospice House with generosity, strength, and love, welcoming all who enter. Call the Foundation office at 321.434.7353 for more information on the William Childs Hospice House Brick Paver gift program, or other ways to support Hospice of Health First.

The William Childs Hospice House

Brick Paver Gift Program

"For those near the end of life's journey, pave the path with love."

A Step in the Right Direction

To provide continued support of The William Childs Hospice House, commemorative bricks can be purchased to honor your loved ones. Bricks will be placed in pathways surrounding the Hospice House. Your purchase of a brick not only assures an enduring tribute or memorial, but also confirms your support of the Hospice House.

Brick Paver Information

You may select a brick size and location:

- 4" x 8" paver for \$100 in pathway
- 8" x 8" square for \$250 in pathway
- 8" x 8" square for \$500 in front Butterfly Garden

The 8" x 8" square pavers come with a mini-replica brick as our gift to you (additional mini-replica bricks can be purchased). Bricks are ordered and installed twice a year. Following each installation, a dedication ceremony is held, allowing family and friends to see their bricks and remember their loved ones.

Show the Community You Care

Each year, more than 6,000 Brevard residents suffering from cancer or other degenerative diseases will spend their final days in our serene Hospice House setting. As a family tribute or in memory of someone close, purchase an engraved brick paver. Your gift will be used to support The William Childs Hospice House, a program of Hospice of Health First.

Brevard County's First Hospice House

Since 1978, Hospice of Health First has been providing home-based support to the terminally ill and their families. The William Childs Hospice House opened its doors in October 2004, providing further choices in end-of-life care with an inpatient facility, the first in Brevard County.

Quality Care in a Home-Like Setting

Designed to feel like a large Florida-style residence, the Hospice House provides around-the-clock care from skilled nursing staff and hospice professionals. The five-acre property includes gardens, paths and a beautiful butterfly garden where patients are able to surround themselves with friends and family or visit the chapel in peaceful reflection.

Pave a path in support of the William Childs Hospice House, A program of Hospice of Health First.

Engraving Information

- Three lines per 4" x 8" paver.
- Six lines per 8" x 8" square, or four lines with optional Hospice Butterfly symbol if placed in Butterfly Garden.
- 20 characters per line, maximum (including punctuation and spaces).
- Please make sure your engraving information is spelled correctly.

Please send the completed form with payment to: Health First Foundation
